## Truman Backs Civil Rights Report

### URGES ACTION ON STUDY OF CIVIL RIGHTS

WASHINGTON (NNPA)—President Truman declared on Wednesday that he hoped the report of the President's Civil Rights Committee would be "an American charter of human freedom in our time."

The committee called at the White House and submitted to him its 178-page report covering its studies of violations of civil methods which may be adopted to strengthen and safeguard those rights.

In his executive order of last Dec. 5, creating the committee, Truman had directed it to make such a study and report. Upon the rendition of the report last week the committee ceased to exist.

Truman's Statement

After receiving the report, the President issued the following statement:

"The President's Civil Rights Committee has just submitted its report. I am going to read and study this report with great care and I recommend to all my countrymen that they do the same thing.

"I created this committee with a feeling of urgency. No sooner were we finished with the war than racial and religious intolerance began to appear and threaten the very things we had just fought for.

"In times past, when our American freedoms were threatened, groups of our citizens banded together and set out on paper the principles they felt would preserve freedom and the kinds of action that would defend freedom.

"The Declaration of Independence was that kind of document, and I notice that the title of this report is 'To Secure These Rights' is taken from the Declaration of Independence.

"I hope this committee has given us as broad a document as that—an American charter of human freedom in our time.

"The need for such a charter was never greater than at this moment. Men of good will everywhere are striving, under great difficulties, to create a world-wide moral order, firmly established in the life of nations.

Significance Seen

"For us here in America, a new charter of human freedom will be a guide for our action; and in the eyes of the world, it will be a declaration of our renewed faith in the American goal—

"The integrity of the individual human being, sustained by the moral consensus of the whole nation, protected by a government based on equal freedom under just laws.

"The members of this committee are busy men and women. We all owe them a debt of gratitude. I feel I am speaking for all Americans when I thank them for their unselfish, devoted service."

Funeral services for James Vincent, 837 Udell street, were held at the John A. Patton Funeral Home Tuesday, Nov. 4. The burial was in Crown Hill cemetery. He died Sat., Nov. 1 after a long illness.

He was a member of the city police department nearly twenty years retired eight years ago.

Survivors include his wife, Jenny Vincent; a son, James Vincent Jr. and a daughter, Mrs. Geraldine Johnson.

Chief among these bills, which are to be ready for Congress when it reconvenes is one being prepared by Rep. Emanuel Celler (D., N. Y.) which introduces national suffrage for the District of Columbia and extends local self-government.

Describing the committee's report as vitalizing and dramatic, Celler said that the recommendations made must not be "dissipated by legislative inaction." He said his district suffrage bill would provide for local self-government and extension of suffrage in presidential elections, as well as representation in Congress to district residents.

In addition, he will offer a bill for a joint standing committee on civil rights and introduce other recommended measures providing for the establishment within FBI of a special civil rights investigation unit; permanent committee on civil rights in the office of the President; amendments to Section 51, Title 18, of the U. S. code to strengthen federal rights against encroachment by private and public persons; enactment of statutes protecting the rights of qualified persons in federal primaries and elections and strengthen federal prosecutions for involuntary servitude.

Also included will be bills on extension of naturalization laws to grant citizenship without regard to race, color or national origin of applicants; citizenship for Guam and American Samoa inhabitants; end discrimination

and segregation based on race, color, creed or national origin in all branches of the armed services; systematic registration for all groups attempting to influence public opinion; and withholding federal assistance to public or private agencies not observing civil rights laws.

Sen. Francis J. Myers (D., Pa.) commended the committee's report and said he would join in sponsoring a resolution to create a joint Senate-House Committee on Civil Rights. He praised the call for fair employment practices legislation, anti-lynch law, and elimination of poll tax as a voting prerequisite.

Sen. W. H. Qualls of Memphis, secretary of the Tennessee Board of Medical Examiners, said there was no such certificate as No. 7843, series B, issued in 1903, as claimed by Fuller.

Fuller admitted later that he had purchased the certificate for \$7 from another Negro on Beale street and forged his name to it. Also, he admits, he inserted the number "7" before the 843 on the certificate. The original had been issued to a Dr. Felix R. Newman on May 26, 1908, but the last figure "8" had been changed to "3" with ink eradicator.

## MISS. LYNCHING VICTIM LIVES

"LET THE GOOD TIMES ROLL" this group of jubilant young Democrats chorus as news reached them at Marion County Democratic headquarters Tuesday night that, "We did it. Al Feeney has been elected the city's next mayor." At extreme right are shown Judge Joseph M. Howard of Municipal Court exchanging greetings and handshakes with Opal Tandy, Recorder newsman and one of those who aided greatly in the Democratic sweep. Groups of Democrats gathered elsewhere also expressed their jubilation over the victory of their party which will bring a change in the administration of the city beginning next January 1.

## Congress to Get Bills On "Civil Rights Report"

WASHINGTON (ANP)—Following the release of the report by the President's Committee on Civil Rights, at least a dozen bills have been drawn up by various congressional members implementing the committee's recommendations, it was disclosed here this week.

Chief among these bills, which are to be ready for Congress when it reconvenes is one being prepared by Rep. Emanuel Celler (D., N. Y.) which introduces national suffrage for the District of Columbia and extends local self-government.

Describing the committee's report as vitalizing and dramatic, Celler said that the recommendations made must not be "dissipated by legislative inaction." He said his district suffrage bill would provide for local self-government and extension of suffrage in presidential elections, as well as representation in Congress to district residents.

In addition, he will offer a bill for a joint standing committee on civil rights and introduce other recommended measures providing for the establishment within FBI of a special civil rights investigation unit; permanent committee on civil rights in the office of the President; amendments to Section 51, Title 18, of the U. Also included will be bills on extension of naturalization laws to grant citizenship without regard to race, color or national origin of applicants; citizenship for Guam and American Samoa inhabitants; end discrimination and segregation based on race, color, creed or national origin in all branches of the armed services; systematic registration for all groups attempting to influence public opinion; and withholding federal assistance to public or private agencies not observing civil rights laws.

He praised the call for fair employment practices legislation, anti-lynch law, and elimination of poll tax as a voting prerequisite.

Sen. W. H. Qualls of Memphis, secretary of the Tennessee Board of Medical Examiners, said there was no such certificate as No. 7843, series B, issued in 1903, as claimed by Fuller.

## Doctor, Age 83, Faces 'Bad' License Charge

MEMPHIS (ANP)—"Doctor" Rufus Fuller, 83-year-old Negro who has been practicing medicine for almost 40 years, was arrested last week on the charge of using "forged credentials." Fuller claimed that he was a graduate of Howard University's school of medicine was denied by Howard officials who said that no one by that name had ever attended the university. The complaint was made by the Tennessee State Licensing Board of the Healing Arts, the first to be made under the new state law requiring all practitioners to be registered with the board.

Fuller's case was brought to the attention of the board last June 30 when he applied for a certificate of annual registration. On his office door was the usual sign, "Physician and Surgeon." Receipt books in his possession

showed that he had charged his patients fees ranging from \$3 to \$50, and had issued numerous prescriptions. He said he had practiced in Kentucky, North Carolina and Knoxville before coming to Memphis in 1904.

Dr. W. H. Qualls of Memphis, secretary of the Tennessee Board of Medical Examiners, said there was no such certificate as No. 7843, series B, issued in 1903, as claimed by Fuller.

Fuller admitted later that he had purchased the certificate for \$7 from another Negro on Beale street and forged his name to it. Also, he admits, he inserted the number "7" before the 843 on the certificate. The original had been issued to a Dr. Felix R. Newman on May 26, 1908, but the last figure "8" had been changed to "3" with ink eradicator.

## FACES MOB ASSAULT; RAPE CHARGE LIVES

ABERDEEN, Miss. (ANP)

John Lloyd, 43-year-old old farm worker, is thanking his stars that a mob of about 30 men didn't do a good job of beating and shooting him here last Sunday. Lloyd, who now rests in Aberdeen hospital from the effects of the incident, had been set upon by the mob after he had been released by police in connection with an alleged rape attempt of a 54-year-old woman.

It all happened when the woman, wife of an invalid, reported to police that she was walking home alone Oct. 25 about 8:40 p. m. when two men accosted her about a block from city hall on the town's main street. She said one of the men passed her and the other seized her, putting his hand over her mouth to prevent her screaming. Though she attempted to fight him off, he threw her into a nearby shrubbery. Managing to free herself, she screamed before the man could attack her. He fled as a neighbor came to her rescue.

News of the attack spread quickly through the community, which boasts a population of 2,500. Local police and state highway patrolmen, led by bloodhounds, went to Lloyd's house. The man was arrested, taken to city jail and grilled for an hour. However, he was released because police were convinced he was innocent.

Resuming the search, the officers were led back to Lloyd's house a second time by the dogs "without changing their course by so much as two inches," according to one police member.

Arrested again, the man was questioned all day Sunday, while outside some 300 white men had gathered, angrily discussing the case.

Again, certain that the suspect was innocent, police released Lloyd. Three hours later, the mob cornered the man, beat him and fired two .38 calibre pistol slugs into his body. Police found Lloyd a

## ELECT FEENEY; DEFEAT NEGRO CANDIDATES

Indianapolis' colored voters failed to cooperate sufficiently to elect a Negro candidate for office in the heavy city balloting Tuesday that resulted in a substantial triumph for Al Feeney democrat in his race for mayor. Negro democrat leaders carried a total of 21 of the 33 heavy colored precincts.

Final official tabulation showed Feeney had received 70,373 votes to 62,022 for William H. Wemmer his Republican opponent. Feeney's margin was 8,351. The Democrats won a majority of the city council and elected their city clerk candidate in Tuesday's upset of the Republicans.

All three of the colored candidates for office were defeated by decisive margins. Clarence Suggs, Republican, the only colored candidate for the city council nominated last spring by either major party ran 13,290 votes behind Guy O. Ross, Democrat in the third district council race, and failed by 4,000 to win a council seat.

Willard Ransom normally a Democrat, running as a United-Labor candidate for city council in the sixth district gathered a mere 3,640 votes to trail far behind Democratic winner, Mary Catherine Connor who received 70,222, and minority Republican city council winner Joseph E. Bright with 63,131.

In the school board contest Rev. R. T. Andrews, pastor of the Mt. Zion Baptist church, one of the two candidates endorsed by the People's school committee emerged with 16,579, far behind the candidates successfully supported by the Citizens school committee, Charles S. Preston, white, the other candidate for the school board supported by the People's committee, received 14,322 votes.

The thirty-three colored precincts of the city gave Feeney 6920 votes to 5263 for Wemmer his Republican opponent for mayor, a margin of 1,657. This figure was probably boosted over 2,500 by the substantial bloc of colored voters scattered in white precincts throughout the city, on the basis of an estimated total Negro vote of 15,000.

Analysis of the returns from the colored precincts shows clearly that Negro voters stuck strictly to party lines in voting straight tickets. Democratic colored voters ignored the opportunity to elect Suggs as the race's representative in the city council, preferring to give their endorsement to the Democratic white candidates. Had the approximately 8,500 Negro Democratic voters scratched in favor of Suggs, he would have been elected. Suggs received a total of 59,361 votes, which was 3,738 behind the lowest successful candidate, Donald Jameson, Republican from the first district who polled 63,099.

Suggs was the victim of "knifing" at the hands of white Republican voters, running 2,611 votes

## VIRGIN ISLANDS SUFFER WHILE U. S. AIDS EUROPE

WASHINGTON (ANP)—The paradox of a rich nation like the United States making congressional plans and drafting legislation to make large loans to foreign countries for their rehabilitation and support during post-war hard times while denying such aid to its own Virgin Islands, is giving some Negro and liberal white people much concern in the capital, it was disclosed here last week.

Actually the Virgin Islands must withstand insufficient revenues for the operation of their own government agencies while the U. S. government takes practically all revenues from exports to strengthen its own treasury. In normal times the Virgin Islands suffer from insufficient funds for such functions as education, health, good roads, industrial ex-

## MRS. BETHUNE WILL NOT SEEK CONGRESS SEAT

WASHINGTON (ANP)—"This talk of my running for congress from New York is pure bosh" said Mrs. Mary McLeod Bethune here Wednesday.

"I have no political ambitions of any kind and have never even considered seeking any office of any kind," Mrs. Bethune said.

Idle curiosity prompted the story that she would seek to replace Congressman Adam Powell, Mrs. Bethune thought. When she was in New York City recently she registered to vote. People who saw her in the polling booth evidently jumped to conclusions which were inaccurate, she explained.

### CME Demote Cleric, Witness in Assault Of Isaac Woodward

COLUMBIA, S. C. (ANP)—Officials of the CME church finally won the long fight to have the Rev. Archie Beechem of Batesburg, S. C., removed from the post of presiding elder in the church. It was disclosed here last week.  
Rev. Beechem's removal had been sought since last November, after he had appeared in federal court to testify for Police Chief Lyzwood L. Shull, also of Batesburg, who was on trial for the blinding of Isaac Woodward, ex-G.I. minister created quite a sensation when he testified as the good character of the police chief, despite the fact that the minister's stepson had been killed and mistreated by the official.  
At the time of his testimony, CME churchmen had petitioned Bishop C. L. Russell to remove the prelate. Currently, the minister is without assignment but members of his district, in the lower section of the state, are much concerned lest he be reassigned.

HERE TODAY, GONE TOMORROW is the fate in store for these houses, part of a group at 9th and N. Senate Avenue now housing approximately 200 persons and which the owners propose to tear down soon to expand their auto parts lot at 919 N. Senate. The tenants, many of whom have large families of young children, hope to stave off eviction until they can

Their 30-day notices expire November 12, when it is reported, attorneys for the owners will file suits for possession. behind majority candidate Wenner, which indicates an average scratch of 10 votes in each white precinct.

Negro citizens of Indianapolis will be without representation by one of their number in the city council for the first time in 13 years. Democrats elected Dr. Theodore Cable to the city council in 1934 and repeated with the late F. B. Ransom in 1938. The present councilman, Dr. Lucien B. Meriwether was elected by Republicans in 1942.

Negro citizens lament the failure of the Democratic party to nominate one of the six Negroes in the Democratic primary last spring.  
In Tuesday's voting for the school board colored voters gave generous support to J. Dwight Peterson, vice-president of the Indiana National bank who is well known to and highly regarded by many of them. All seven candidates of the Citizens committee were elected. Colored voters in the main ignored the popular hand-picked school board slate, but gave a convincing token vote to the two candidates of the People's committee as a protest against continuation of the city's reaction-

## Wis. U. Coed Loses Room; Dates "Wrong Student Escort"

MADISON (ANP)—Miss Iris Alexander, of New York, a student at the University of Wisconsin, was evicted from her room in a private rooming

house here, because her landlord and landlady objected to her date with a Negro student last Saturday. Miss Alexander, chairman of the social relations committee of the university student board, had attended an interracial party at the University Memorial Union with a Negro escort that she refused to identify.

Another young woman, Constance Felton, senior from Brooklyn, was also asked to leave by Mr. and Mrs. Arthur H. Rupe, "for sympathizing with Miss Alexander and indignantly telling Mrs. Rupe off regarding the matter." In explaining their action, the Rupe

said, "This is our home. There is no religious prejudice concerned, but a private home is no place for intermixing. We don't want to go into a Negro's home and we don't expect them to enter ours."

## BABY CONTEST A SUCCESS

The trophies represent victories in track, boxing, basketball, baseball and football competition on a city-wide scale. Officer Booth resigned his post at the Community Center and has been returned to uniformed service in the department at his own request. He has been succeeded by a very able young member of the department William D. DeJernette. (Photo by Thom' Ervin)

## VIRGIN ISLANDS

Continued from Page 1

pansion of its few and impoverished industries and agriculture. Wages are low, government employees are too few and terribly underpaid, while the cost of living is steadily mounting.

Despite this dark picture both Congress and President Truman have continually refused to release more funds from revenues received from the islands to help the government meet this situation. And to make the total picture even worse, the government is taking every precaution, military and otherwise, to safeguard the rights, existence, well-being and future of Great Britain which has all these years exploited, discriminated against, segregated and elected the peo-

ples of Africa, actually denying the most elemental human rights to the natives of South Africa. American Negroes, critics here maintain, are being taxed on the one hand to help Great Britain while she maintains her imperialistic designs in Africa, and on the other, ask for and receive aid which should be extended to Negro groups both in the borders of the United States and in the Virgin Islands. The functioning of a so-called democratic government on this wise does not make sense, they claim.

## Voice of the East Side

By MARY P. MCGUIRE

OOOOOOOO . . . The goblins almost got little Donald Means Friday night when the witches, goblins, ghosts, and elves were about in his home attending a party given him by his mother, Mrs. Bert Means, 1631 North Arsenal avenue.

Little Donald was outside playing when one of his playmate's dog bit him. He was rushed to the hospital by his father. The bite being reported not serious, Donald attended school Monday.

Last Sunday was another of those busy days for your columnist, who had accepted invitations for tea with the Melody Markers at 2410 N. Oxford st., tea with Group No. 2 of the E. P. Coti missionary at 1810 Bellefontaine st., and tea with the House Hold of Ruth at 1638 Martindale ave.

Well . . . you never can tell when your old buggy is going to let you down. It seems that it, too, had taken on one tea too many, and it refused to go. . . battery trouble, you know. So when the serviceman arrived and presented another battery it was time for the old columnist to make her appearance at church. I trust this will explain my absence.

Many eastsiders reported a very fine reception at the People's funeral home, which was another treat I missed.

The Hilary Girls club, group of nice young girls, will have a tea Sunday afternoon at the Douglas park center. Musical numbers will be offered, with your columnist on program. Mrs. F. House is president of the club, and Mrs. K. Bernard, secretary. All are invited.

The Eastside Better Business league met Monday at the Jacobs Brothers eastside chapel. The meetings will be held in various homes during the winter months. The pre-Christmas program was planned for Dec. 19. A committee will arrange the affair. Mrs. Beatrice Hollifield acted as secretary.

Mrs. Edith Moore, Danville, Ill., and little Phyllis Weeden were guests of Mrs. Alice A. Dunlop, 2564 Columbia ave., last week.

**How women and girls may get wanted relief from functional periodic pain**  
Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:  
1. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.  
2. Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.  
Try Cardui. If it helps, you'll be glad you did.

## Va. Jimcrow Faces NAACP Legal Attack

### Inside Anderson

By HERBERT CAMERON

ANDERSON — Last Saturday evening in the library room at the West Side Community Center, a very signal event took place. It was the culmination of efforts exerted by our local ministerial alliance and the executive secretary of the Anderson Urban League for the perfection of a strong local organization which will hereafter be known as the Progressive Civic League of the city of Anderson. I think this organization will become your pride and joy.

Many of us have felt the need for such a local organization of efficiency and respectability which is the foundation of this particular order.

The objects of this order are:

1. To protect any form of injustice against the minority groups or any individual members thereof.

2. To see that the protection and impartiality of the law is extended to each and every citizen on an equality basis.

3. To endeavor to break down segregation in all of its unwelcome forms.

4. To defend the civil, economic, political, religious and educational liberties of minorities under the guarantees and safeguards of the Constitution of the United States of America.

5. To promote the common good and social welfare and to elevate the cultural and living standards of the Negro populace by such means as:

(a) Education in the advantages and importance of the intelligent use of the ballot.

(b) Education in the importance of job responsibility in view of job responsibility in view of meritorious advancement.

(c) Education in improved home making and parental responsibility.

(d) Education in the use of available community resources.

I feel highly honored to have been selected by this august body of true and upright men to serve as their first president. Offer your prayers to God on my behalf and for the success of my administration.

This is one of the rare instances in the society of our folk whereby all young men, in the full bloom of life, have been chosen as leaders of such an important organization. The older folk are content to remain in the background.

William Bagby Jr., vice-president; Arthur Lettridge, recording secretary; John Mills, field secretary; Robert Miller, treasurer; and Rev. John Clark, chaplain, are the executive officers of this formation.

Reverends J. H. Crawley, Robert C. Wynn, A. C. Pate, and Emory Williams; William B. Harper, executive secretary of the Anderson Urban League, and Frederick D. Jefferson, director of youth activities, West Side Community Center, along with the executive officers, comprise the executive board.

I would have you to understand fully that this organization is for you and yours. Use it to the fullest extent. Bring us your complaints. Report all types of incidents of police brutality and racial frictions and cases of discrimination in your daily lives. When, where, why and witnesses, if any. These things properly brought to our notice will be promptly and properly attended to.

Mr. and Mrs. Robert Wynn, 1916 Park ave., are proud parents of a girl born at St. Johns hospital last week.

We here in Anderson were privileged to have in our midst an educator who sojourned with us for two weeks. She was Mrs. J. H. Johnson, Ephraim, Miss., president and founder of the Prentiss Normal Institute, Mrs. Johnson was widely welcomed at the many engagements she filled while in the city. She was the guest of Mrs. Mary J. Randolph and Miss Tennessee Randolph, 1524 Forker st.

Mr. and Mrs. Richard Alexander, 1414 Henry st., were called to Georgetown, Ky., by the sudden death of her aunt, Mrs. Emma Davis. Funeral services were conducted last Friday in First Baptist church in Georgetown. They returned home Sunday.

Mrs. Mattie E. Williams, 1530 Sycamore st., has returned home from a seven weeks' visit in Cleveland with her daughter and son-in-law, Mr. and Mrs. Ben Thompson.

Sunday, Oct. 26, William Newsom, 1309 W. 13th st., sponsored a chartered bus for a trip to Dayton to join Rev. and Mrs. J. I. Dixon and congregation in the dedication services held in McKinley Chapel church for the new public address system, church organ, and parsonage.

Rev. and Mrs. Dixon were formerly located at our Second Methodist church and made a host of friends during their stay here. They are the kind of people you can't forget.

The program included: Processional, "All Hail the Power of Jesus' Name"; Invocation, Rev. J. I. Dixon; Selection by McKinley

Chapel choir; Presentation of the organ, the trustee board, Grady Bryant, chairman; Presentation of the public address system, the ushers, Birdie Lee, chairman; Selection by McKinley Chapel's Children choir; Sermon by Rev. W. P. Kellogg, pastor of Wiley Methodist Church, Springfield, O.; Ceremony, Announcements, and Benediction.

Persons participating in the event were: Mesdames Mary Clemmons, Gertrude Taylor, Dora Hayden, Gertrude Taylor, Dora Hayden, Carrie Bryant, Hattie Burnett, Christian Wade, Ruby Willis, Nellie Webster, Ebel Barker, D. Hughes and daughter, Thomas Williams, Pauline Sanders, Elnora Tanner, Essie Valentine, Frankie Glazebrooks, Mary Lee Storte, and Mary Dorsey; the Misses Betty Jane Downing, Margaret Tuttle, Dolores Harris, Leila Poole, Ann Calvin, Maxine Sanders, Francis Christian, Arnetta Shockney, and Mary Newsome; Mr. and Mrs. Eddie Williams, and Mr. and Mrs. William Newsom, and daughters the Misses Mary and Martha Newsom; Ray Sanders, Charles Greene, Albert Hawkins, Julius Patterson, and James Tanner.

A turkey dinner was served in the basement of the McKinley church from 12:00 to 2 p. m. by the usher board. Everybody went overboard and had a wonderful time.

The buses from Springfield and Anderson left Dayton at 5 p. m. for the return trip home.

The other day at the Shadeland school, a test was given the intellectual wizards of the third grade. My son, Herbert, is in the third grade. He made the test by the skin of his teeth. One of the questions asked this genius was: "What three things do you like to do?" His answer was: "Follow Walter (that's his brother) and BEANS and PEAS." What am I going to do with him?

Now, I am calling all dentists, lawyers and undertakers, to come here to Anderson and look our little growing town over. Here the field is ripe for the plucking. There is absolutely no competition whatever. Oh, how we need a dentist, undertaker and a lawyer. Do you know of someone in the above classifications, who might be interested in growing up with us here in Anderson? Surely there is a graduate attorney at law who could at least pay me a visit or contact the West Side Community Center for a discussion of the potentialities and the ever-increasing need of a good colored attorney. There's a gold mine here for someone.

The way the local undertakers are getting rich off the colored people could very well be diverted into the channel where our own people could make use of that money and give employment to our own group. Of course, once in a while someone will think that it doesn't cost anyone to call one of the colored undertakers in Muncie and occasionally they get a body or two. But there is a great field here for this type of profession. We here in Anderson suffer approximately 35 deaths a year and if a live-wire colored undertaker can't make a comfortable living out of that, something would have to be radically wrong.

And speaking of dentists, boy, oh boy, what a lucrative field that is for some brother of color who has vision and would cast his lot with us here in Anderson. Most of the dentists up town like to refer us to Indianapolis or to a "turn call" after hours. God only knows the trouble we bear.

Can you understand why I make this fervent plea to you for aid? We have everything here in our midst except a sufficient number of professional people. Any town is known by its professional people who is dissatisfied with its present surroundings or who is a recent graduate in the above named fields, kindly get in touch with me right away. I can be reached at 1410 Henry st., Anderson, Ind. Send all news to this address and be sure to read your Recorder for the latest tidings on Anderson.

Mrs. James Dupree, Kokomo, and Mrs. Della Mitchell, Indianapolis, were the weekend guests of Mr. and Mrs. John Clemmons Sr. and John Jr., 1420 Sherman st. Mrs. Clemmons is Mrs. Mitchell's mother and Mrs. Dupree's sister.

### URGES CIVIL RIGHTS GROUP BE RETAINED

NEW YORK (ANP) — Lauding the report of the President's Committee on Civil Rights, Dr. Stephen E. Wise, president of the American Jewish congress, called on President Truman to keep the committee in existence to obtain the adoption of its recommendations. Dr. Wise urged immediate executive and legislative action for correction of the evils demonstrated by the committee, by enacting legislation to end discrimination in employment and to stop the crime of lynching. Immediate action by congress on poll tax laws and the elimination of the jimcrow evil is demanded by every decent citizen of our country.

Dr. Wise expressed his particular gratification with the committee's recommendations to state legislatures that they enact fair education practice laws for public and private non-sectarian educational institutions. He also, called attention to President Truman's address of last June in which the President promised full executive support of urgently needed civil rights legislation.

Justifying the strong effect of statutes against the "poor" efforts to achieve good-will propaganda, Dr. Wise indicated that he had long held the belief now expressed in the findings of the President's committee that civil rights legislation would be the most significant stride toward effecting racial and religious harmony in America.

**AFRICANS SENTENCED IN RITUAL KILLING BAN**

PRETORIA, South Africa (ANP) — Because authorities in Basutoland are determined to stamp out ritual killing, 17 Africans were sentenced to death last week by a high court sitting in Maseru.

A chief named Tumalohle Barett, in a dispute over certain lands, engaged a medicine man to "doctor" the area. The medicine man required the blood of a black sheep and of a human being for his purpose.

So Katse Phapole was plied with drink at a village feast and then led out to sacrifice. Some of his blood was collected in a can and mixed with sand and the blood of a black sheep. The witch doctor scattered this mixture as "medicine" over the disputed lands. A high court found the chief both guilty, together with 15 other tribal members.

### All-Out Fight

## NAACP Plans County By County Test in Va.

ROANOKE, Va. (NNPA) — An all-out legal attack on the State's segregation laws is planned by the National Association for the Advancement of Colored People, it was disclosed here last Sunday.

Dr. J. M. Tinsley, of Richmond, president of the Virginia Conference of the NAACP, and Thurgood Marshall, of New York, special counsel for the NAACP, disclosed that suits will be filed against the University of Virginia and every county in the State to eliminate what they described as "iniquities in education," including salaries of colored teachers, school buildings and curricula.

They said the suits will be handled by Attorney Spottswood W. Robinson, 3d, of Richmond, who is on leave from Howard University where he is a professor of law. He will have the full cooperation of the State NAACP legal committee and the national organization's legal staff they said.

The county-by-county campaign was revealed at a press conference preceding the opening of the State NAACP two-day conference here. Sessions were held at Ebenezer AME church.

Several suits have already been brought by the NAACP, one in King George County, and others are being prepared, Mr. Marshall said. They will be filed against several counties at a time until the others give in, he added.

"These suits," Marshall explained, "will make the ground-work for a full-scale legal attack on the segregation laws of the State of Virginia, which have failed to provide even a semblance of equality."

He said the case planned against the University of Virginia will be "closely similar" to the case now pending against the University of Texas.

"There can be no equality where there is segregation," Marshall contended. He said Virginia has had since 1865 to establish equality in public schools, "something they refused to do."

Among the principal speakers scheduled to appear before the body are Dr. Howard Thurman, pastor of Fellowship Church of All Peoples, San Francisco; Mesdames Venice T. Sprague, chief, Washington Bureau, Chicago Defender, Ellen Mills Scarborough, Librarian UN representative; Vijaya Lakshmi Pandit, chairman, Indian UN delegation and Russian ambassador Eleanor Roosevelt, chairman, UN commission for human rights; Ethel Romos Harris; Oswald B. Lord, president, War Interests board; and Miss Etta Moten.

Official hostess to the national group is the Washington Metropolitan council, headed by Mrs. Aileen Ewell. Miss Ruth Scott is chairman of the convention program committee.

### Wabash Pastor Launches Drive

WABASH — Rev. S. F. Bas' on, pastor of St. John's AME church, has launched a \$1000 drive for the general improvement of the church. Mr. and Mrs. Ernest Rickman have purchased two lots in Rosa Heights, and have started building immediately. Mrs. Lucile Samuels, Kansas City, Mo., who has been visiting her mother, Mrs. John Lewis, for the past two weeks, has returned to her home.

The trustee board of the Eastern Star lodge and the Masons met at Weaver Sunday. A. C. Coates, who underwent a major operation recently in recovering rapidly.

Henry Wald, who will be in charge of ticket sales, said that more than a dozen white churches in Atlanta offered their auditoriums for the Wallace speech, on a non-segregation basis, but they were rejected because the auditoriums were too small. He denied reports that two white churches refused use of their auditoriums because Mr. Wallace is a controversial figure.

**WALLACE PLANS ATLANTA TALK; NO JIMCROW**

ATLANTA (NNPA) — Former Vice President Henry Wallace will deliver a speech in the Wheat Street Baptist church here, without segregation of races if white persons purchase tickets to hear him Nov. 20. The speech will be sponsored by the Southern Conference of Human Welfare.

Henry Wald, who will be in charge of ticket sales, said that more than a dozen white churches in Atlanta offered their auditoriums for the Wallace speech, on a non-segregation basis, but they were rejected because the auditoriums were too small. He denied reports that two white churches refused use of their auditoriums because Mr. Wallace is a controversial figure.

**Problems Posed for New Ind. City by Neighbors**

JEFFERSON, Ind. (ANP) — A town of 2,500 homes and businesses is to be built near here on a cooperative basis by Negroes from eight states, but officials of Clark and Floyd counties are puzzled over how the project will be handled.

First thing the officials declare they know nothing of the town, other than when they have read news accounts. The project has received national-wide publicity. They want to know more about the project, particularly what plans the coop has for furnishing employment to those who will live in the town.

According to George Baker, white Minneapolis real estate promoter supervising the details of the project, 1,400 lots have already been sold. Of this number, 700 were purchased by persons in the Louisville area, just across the river from here. The other 700 owners are from at least eight southern states.

One Clark county businessman pointed out that with the influx of families into the proposed town the number of job seekers would jump to a new high. There are already 1,500 cases of unemployment in the area, and with the closing down of war industries in Jeffersonville and Clark county, the burden of furnishing employment would have to be borne by the Louisville industry.

Barker said the president of the cooperative movement is Dr. Marshall Bell Lanier, president of Simmons university, Louisville. Randall Acton, manager of a Negro

housing project in Louisville, is vice-president.

Plans are that the home be built by Henry Vaden, Nashville construction company. He said that the group was trying to interest shoe manufacturer in erecting a plant on the site of the proposed town, but admitted there was nothing concrete about the proposal.

He gave as a reason for the group not contacting city or county officials regarding their plans other than zoning and planning laws, that "we didn't think it necessary."

The National Land company, of which Barker is a representative, bought the acreage in November, 1945, and began selling lots to Negroes in the Louisville area. Later, the company branched out to southern states, selling lots, 40 by 120 feet for approximately \$400 each, with a minimum down payment of \$50.

He said the group had mapped a program which provided for the creation of homes, a super market, theatre, department store, hospital, and even the setting up of fire and police departments. He made no mention of utilities and school needs of the development.

## "DEMOCRATIC ACTION" VS HOMES FOR AMERICANS

One of the most critical situations confronting our community today is the housing problem which in its evils proportions expands into a state wide and nation wide disgrace of our democratic civilization and Christian culture.

Since the problem involves the proportions of a national calamity, in some directions, wise and honest leaders of the national scene are stressing action by the federal government in a program of correction of its evils.

In this connection it is generally agreed that the Taft-Ellender-Wagner Housing Bill, U. S. Senate Bill 866 which the Eightieth Congress failed to act upon is credited with affording practical relief in the situation.

This bill which the Eightieth Congress ignored while killing the OPA and Rent Control proposes federal leadership and finance in producing the homes which the American people now need. But strangely we find that many very prominent citizens of our country are now charging that millions of dollars are being spent to perpetuate reactionary regimes of government in southern Europe and at several points in Asia. Yet millions of U. S. workers (tax-payers at home) shall continue in despair of decent housing or housing of any type in our land of the world's greatest riches.

## "ANOTHER MILESTONE IN DIFFUSION OF DEMOCRACY"

Leaders in religious, civic and labor activities of the nation have come forward to laud the recent report of President Truman's Committee on Civil Rights.

The president of the Congress of Industrial Organizations, (CIO) Philip Murray hailed the report as an "important milestone in the development and diffusion of American democracy."

Dr. Stephen S. Wise, president of the American Jewish Congress says the Committee, "has shown the way to build, upon the strong framework of the Bill of Rights, an American democracy that will be meaningful to all of its citizens regardless of their faith, the color of their skin, the accident of their birthplace, or their political beliefs."

"... The adoption of its recommendations by the executive, and legislative branches of our federal and state governments will serve to guarantee the civil and human rights envisioned by the drafters of our Constitution."

The American Congress of Jews urges the President to continue the life of the Committee; to call a nation-wide conference of all groups interested in preservation of our constitutional liberties and to publicize the findings of the Committee.

Again it recommended putting into effect immediately those recommendations of the Committee which lie within the executive power of President Truman; the reorganization and strengthening of the civil rights activities of the Department of Justice, including establishment of a special FBI unit of civil rights investigators.

Of the report again Mr. Murray says, "It is of the utmost importance that this report be made available to all Americans, cloaked as it is with the authority of the President of the United States and our federal government."

Without regards for the views or observations of the skeptically minded we concur in the observation of Mr. Murray in which he noted, "our history, during the 172 years of our national existence has been marked with a number of milestones, but this is by far the most significant of all of them, constituting as it does a public accounting of what has been accomplished in the matter of human rights under the American tradition, and setting forth concrete plans as to the work that remains to be done."

## DEMOCRACY OF WORKING MAN'S FRONT

A New England industrial aide, Joseph J. Morrow of a Stamford, Conn. firm in a recent speech observed that the solution of the problem of discrimination in employment depends on our willingness (management) to recognize, and accept, our moral responsibility toward a group of citizens whose exclusion from the free opportunity to earn a living, commensurate with ability and training, has for so long been a false note in our American way of life.

Otherwise in his speech Mr. Morrow, of Pitney-Bowes, Inc., concludes that there is a solution to the problem of discrimination in employment against qualified workers of minority groups. And he indicated that the burden rests with management through "moral responsibility" and education or the promotion of understanding among workers of all races and creeds.

Following a detailed report of integrating Negro workers into his firm as clerical and skilled workers Mr. Morrow stated, "I cannot urge too strongly that all industry embark wholeheartedly upon a program for the employment of Negro workers . . . because as fellow human beings they deserve, and are entitled to, recognition of their equal skills and abilities. And I think we can talk of the day when Negroes, and members of other minority groups, may be hired completely on the basis of their abilities and skills. They have a lot to give, and all they need is a chance to show it."

## THE RE-VAMPED FEDERAL HOUSING AGENCY

Succeeding the wartime organization of the National Housing Agency, Raymond M. Foley announced last week-end the establishment of the Office of the Administrator of the Housing and Home Finance Agency. Mr. Foley is the administrator.

The Office of the Administrator under the reorganization plan will carry on the programs formerly carried on by the Home Loan Bank, Federal Housing Administration and the Public Housing Administration.

Mr. Foley observed that the HHFA will make full use of government housing functions and activities to aid private industry and local communities to provide decent housing for all income brackets of the American population. It will seek to bring together all phases and parts of the complex housing industry and of government at all levels to develop effective solutions for those problem areas of housing, including costs, blighted areas and slums and the housing needs of minority groups.

In an optimistic conclusion one must now assume that the federal government which proposes to spend more than fifty seven billions dollars in the next four years to revitalize, "for democracy," "certain destitute sections" of Europe and Asia will make some provision to solve the housing problem of ten million near houseless Americans.

## DOLLARIZED DEMOCRACY

If as Howard K. Jones recently said in his CBS broadcast from London, the trends in Europe indicate that communism has reached its peak, and is beginning to recede, the current threat of communism need not occasion further fear. Jones of course based his political diagnosis largely upon the recent elections in France. There is, according to this generally reliable reporter, a definite swing to the right, whereas for the past several months the swing was definitely towards the left-hand communism.

But in the course of his remarks Jones said that Sen. Bridges, who is one of the chiefs in the "Help Europe" cause, has expressed his willingness to go along with De Gaulle financially and this of course explains why France is turning towards the right. They are hoping to rake off so much "per swing" as they swing to the right.

This is the tragic aspect of our foreign relations. The nations of Europe are quite willing to string along with Uncle Sam and his reputed democracy if said democracy is adequately dollarized. But the great danger is the nations are not converted to American democracy. They are merely interested in extracting from us our billions and then we may see the tide of communism rise again to even greater heights. This is a fearful contemplation!

One of the greater explanations as to why we must "dollarize" our democracy to get the European nations to swallow the European nations to swallow the kind of champions democracy has in this country. For instance, Congressman Rankin of Mississippi is heading the committee on un-American activities. Could anything be more anomalous, or more anachronous, or more ludicrous, or more morally blasphemous, than having Rankin as the arch champion of democracy? Whenever democracy begins to sink to the level that it must be protected by a Rankin, we have some idea of why our democracy must be dotted with good American dollars before the European nations will swallow it.

Here we are with a real opportunity to give to the world true democracy, and we must be content to divert attention from Bilboism, Talmadgism and Rankinism with a display of our financial might, instead of the moral might we really and truly have in the real practice of democracy. When we will our nation learn that the real threat to democracy resides as much in the un-Americanism of our Bilbos, our Talmadges and our Rankins as in communism? These supposed democrats are the milestone about the neck of democracy and constitute the greatest danger to our nation.

It analyzes the serious student of world affairs to see U. S. A. selling the hungry nations of Europe a dollarized democracy, instead of the real thing. The world is crying for a functional democracy and we are offering a financial democracy! What travesty of opportunity! The real tragedy is, our mistakes are to be paid for in the sweat and blood and tears of the glorious American youth, many of whom may be alive today. The real price of a dollarized democracy will ultimately be paid in blood. Functional democracy will save Europe and America from communism a thousand times more surely than the dollarized democracy we are now peddling to the lesser nations of Europe who will accept any kind of "ocracy" that dangles before their anxious eyes bread for their starving millions.

This writer is fearfully concerned with the "portents" relating to our program of "buying off" communism instead of "putting out" a real display of democracy. Dollar convictions may have their place in ward politics, but we doubt seriously if they have their place in a word struggling for survival. The democracy exemplified by Branch Rickey given to large and fulsome doses would do more to rejuvenate democracy in the world than our billion bounties we are meting out to hungry European nations.

The old adage that bought friends are never paid for is just as true of nations as of individuals. It would seem that our experience with Germany at the close of World War I should be sufficient to convince us that a nation's moral convictions are not for sale. Dollarize nations against their will they are of the same convictions still.

But on who is controlling it. In the very first pages of the book the author follows the mistaken line of evaluations and illustrations which characterizes the big nations in the UN. In illustrating how a world government is needed, the author tells how Japan "stole Manchuria from China," how Italy took Ethiopia and Germany Sudetenland from Czechoslovakia. To be realistic and convincing the author should have mentioned the imperialistic activities of Great Britain, America, France and other modern nations.

The publicized objectives of the UN are most important, and any organization which honestly tries through the right acts and competent means to accomplish these objectives will be one of the most important organizations on this earth. But a United Nations dominated by Great Britain,

## NEGRO RAILROAD FIREMEN STILL ON FIRING LINE

The front line of the battle for genuine democracy in the world is not in Europe, as our Marshall plan supporters would have us believe, but right here in the United States in our extensive railroad industry.

Atty Gen. Clark told the convention of attorneys general for the various states that he was definitely "embarrassed" by the fact that a large body of American citizens felt they had to appeal to the United Nations to help them get justice in the United States. He was referring to the petition which the NAACP, under the bold and learned leadership of that old master, W. E. B. DuBois, had submitted to the UN concerning the definitely bad treatment of Negroes in the United States. Mr. Clark now will enlarge the civil rights division of the Department of Justice.

American UN representatives had hardly succeeded in discounting the petition before A. P. Randolph, through the Brotherhood of Sleeping Car Porters, directed public notice to the continuing conspiracy of certain railroads and the Brotherhood of Locomotive Firemen to drive Negro firemen out of their jobs. This conspiracy continues despite a supreme court decision which has been on record since 1944.

In Washington last week the Brotherhood of Sleeping Car Porters, acting for 1,000 Negro firemen employed by the Southern Railway company, the Atlantic Coast Line railroad, the Seaboard Airline Railroad company and others working hand in glove with the firemen's union to eliminate Negro firemen from the industry, filed legal action to change this situation.

It was the very same railroad discrimination cases that caused Paul V. McNutt to wreck the late FEPC, that caused the late President, Franklin D. Roosevelt, to turn his head and look in the other direction. For nearly a year he had on his desk a report from the FEPC certifying that the case of railroad discrimination required his special talents.

Only the supreme court of the United States had the courage to say that such discrimination is a menace to our democratic institutions and that the Negro victims should be given an opportunity to sue for damages. It is to be hoped that such suits will meet a better fate than did the prosecution of lynchings and would-be lynchings in Georgia, and North Carolina.

France and even the United States will never accomplish the aims laid down for the UN - never!

Mr. Galt's book, though, is interesting. It does carry valuable information on the background, organization, structure and functions of the United Nations. Facts on the various activities of the UN and the Dumbarton Oaks conference in 1945, the opening of the San Francisco conference April 25, 1945, etc. There is also a full reprint of the articles of conferences and list of the original 51 members of the UN including three Negro nations: Ethiopia, Haiti and Liberia.

## In The Nation's Capital

By LOUIS LAUTIER  
For the NNPA News Service

Reports to the United States Office of Education show that white land-grant colleges in seventeen southern states received in the year ended June 30, 1946, federal funds totaling \$20,745,863, as compared with a total of \$355,048 received by colored land-grant colleges.

In other words, the white land-grant colleges in southern states received forty times as much as the colored land-grant colleges, although the colored rural farm population ranged from 3.3 percent to 55.3 percent of the total rural farm population.

The Conference of Presidents of Negro Land-Grant Colleges has been unable to persuade Secretary of Agriculture Clinton P. Anderson to use sanctions to compel an equitable division of federal funds allotted to states for agricultural education under several Congressional Acts.

The Second Merrill Act of August 30, 1890, which Congress enacted to place a land-grant college "upon a basis of assured support . . . for all time," specified that funds available under it should be "equitably divided" between white and colored land-grant colleges. Sound public policy dictates a similar division of federal grants-in-aid to education in states where race separatism is enforced.

The First Merrill Act of July 2, 1862, provided for a grant of 30,000 acres of land or its equivalent in scrip to the states for each Representative and Senator in Congress, to be used for the endowment, support and maintenance of at least one agricultural and mechanical college.

The Second Merrill Act proposed an annual appropriation to every state and territory for the colleges established under the First Merrill act. The appropriation was to be made from the sale of public lands and the receipts from large debts owed by the land-grant railroads.

A committee amendment provided that "no money shall be paid out under this Act to any State or Territory for the support and maintenance of a college, where a distinction and maintenance of such colleges separately for white and colored students shall be held to be a compliance with the provisions of this Act."

On June 21, 1890, Senator James L. Pugh, of Alabama, offered an amendment providing that "the legislature of any State in which institutions of like character have been established and are now being aided by such State out of its own revenue for the education of colored students in agricultural or the mechanical arts, whether styled colleges or not, and whether they have or not received any money heretofore under the Act to which this is an amendment, may appropriate any portion of the funds received under this bill to such institutions so established and aided by such State as a compliance with the provision in reference to separate colleges for white and colored students."

Senator Eugene Hale, of Maine, opposed the Pugh amendment on the ground that it gave state legislatures absolute control over federal appropriations and allowed them to appropriate the monies to any agricultural and mechanical school, whether it was a college or not.

Senator Pugh replied that under the bill as reported, there being only one agricultural college in which white students alone were admitted and educated, colored schools would get no portion of the appropriation. He said his purpose was to give the Alabama legislature power to divide the appropriation between the agricultural college and Tuskegee Institute.

Senator George F. Hear, of Massachusetts, thought the amendment was not broad enough. He said there were states where there was only one agricultural college and it was exclusively for the education of white children.

Senator Hear, remarked that Georgia had two years previously withdrawn state support from Atlanta University because white professors taught their own children in colored classes and the State of Georgia thought that was contrary to its policy in regard to co-education of the races.

Senator William F. Chandler of New Hampshire, proposed that the appropriations be divided according to the relative numbers of white and colored people within a state. Senator Hale offered a substitute proposing a division on the basis of the proportion which the colored population in any state bore to the entire population.

Senator James Z. George, of Mississippi, said these proposals would be an "injustice"

## THE PLIGHT OF NEGRO TEACHERS: PARADOX OF DEMOCRACY

The recent convention to the Indiana State Teachers Association brought home to many persons particularly in the educational field the realization that the position of the Negro teacher is far from consistent with American professions of democracy and fair play.

The Hoosier teacher group which boasts of a membership of all the public school instructors in the state, has traditionally wanted only that the Negro members pay their dues and lend their ears. No teacher of our group is ever considered for any of the offices or policy making committee of the Association of any of its scores of sections. Negroes are never asked to address any of the various subject matter groups where techniques and devices for the teaching of the subjects concerned are discussed. As a result in many groups the Negro pedagogues are conspicuous by their absence.

The same strategy of ignoring Negro teachers is carried out by other state teachers associations outside Jimcrowland, where the "separate but equal" baloney is invoked to justify the existence of two different teachers organizations based on race. This taxation-without-representation attitude toward Negro education is characteristic of the National Educational Association, which openly laments the inability of the benighted South to support adequately its dual educational system and asks the federal government to come to its aid.

It is not only in the area of their relations to their professional organizations that the teachers of color are confronted with the rigors of the American system, but they are

also handicapped in their job opportunities and chances for advancement and stymied in their professional relationship with their pupils.

In the more enlightened sections of the nation where Jimcrow schools are the exception rather than the rule, Negroes are seldom hired as teachers unless separate schools are set up for Negro children. And in those cases it is useless for them to have ambitions to rise to administrative posts higher than that of principal of the Negro school. No Negro need aspire to be superintendent or assistant superintendent or a director of instruction for all schools. In some southern systems and in Washington and Baltimore there are Negro assistant superintendents but their authority extends only to the schools set apart for their racial group. Negro educators do not fill policy making positions nor do Negroes usually sit on the school boards.

The frustrations that are brought to the classrooms of Negro schools by this undemocratic process are practically insurmountable.

To expect a teacher with small hopes of advancement to instill in pupils from underprivileged homes and neighborhoods the ambition to rise ala American tradition to be president or governor is tantamount to an elephant teaching her young to fly. And the task is often made more impossible by passages from state-adopted textbooks that libel the race.

It must be said to their everlasting credit that many Negro teachers confronted with the treatment as pariahs by the white fellow educators, devoid of hope for personal advancement and expected to teach democracy in undemocratic situations from undemocratic textbooks are trying to do the impossible, not without a certain amount of success.

These teachers would welcome the removal of the color-line in education without fear that their jobs would be in jeopardy for they know that democracy needs teachers of children without regard to the pigmentation of either the teacher or the pupils.

## GOING BACKWARD

To The Editor  
The Recorder  
DEAR SIR:

How can we end Jimcrow in Washington when only one percent of Negro people cooperate with each other? Very seldom does one find a Negro person talking for himself, for the simple reason he is too busy doing the opposite. In order to demand more tolerance for the Negro we must first educate ourselves to such an extent we may know how to appreciate it. We must advance steadily and practically to avoid discrimination and strife.

We must look forward to greater character in our people. In my line of work, I am taken to be one of their people and they express themselves freely to me because I am taken to be one of their own race. I find it to be individually that a white person likes the friendship of Negro people, but becomes ashamed of themselves when in the presence of other white people. As a whole they do not like us, but individually they do.

A few days ago an incident occurred to me that I did not like. I was working at Butler University. When lunch time came I went to the cafeteria. It was an exclusive place so I stood at the counter, with intention of carrying my lunch out. But the waitress suggested that I take a seat, after my lunch was dished up. Because she could not distinguish my nationality.

While I was eating a colored dishwasher, a schoolmate and friend of mine told the manager I was colored. He doubted her statement but finally asked me. I told him I was an American citizen, period. He ordered me out before I had finished my lunch and insisted that I pay for it.

to states like his own. South Carolina and Louisiana where the colored population exceeded the white.

As a compromise, the original amendment was approved with additional language providing for an "equitable division."

From the debates, it is clear that absolute control by the states of federal aid to agricultural education was repugnant to the Congress and that the Congress intended that there should be an equitable division of federal funds between white and colored land-grant colleges.

I refused. The point is, the girl did not respect her race or herself. If any thing she lowered herself and her race.

If we do not pull together, we are going backward. Let's cooperate and advance. Let Jimcrow follow Bilbo, the deceased.

Respectfully,  
Vernon Henderson

## COMMENTS THE RECORDER To The Editor The Recorder DEAR SIR:

The Recorder staff is to be commended for keeping the people informed on many things taking place, that are of vital importance to our welfare.

It is hoped that Rev. R. T. Andrews and Charles Preston will be elected along with others to the School Board. We need a member of our group to look after the best interests of our children, on the School Board, just as other groups are represented.

We should let Mr. Stinebaugh, superintendent of schools, know that we thoroughly appreciate his eliminating of unjust prejudice and racial discrimination in one of the city schools recently.

It is hoped that other examples will follow soon. Gary has set a worthy example for the city of Indianapolis School Commissioners to follow.

## Joe Louis Plans Two Fights for Year 1948

NEW YORK (NNPA)—Joe Louis, heavyweight champion, arrived here last Saturday for his title bout with Jersey Joe Walcott, of Camden, New Jersey, and said he planned to fight twice next year if he successfully defends his crown.

If he whips Walcott, he said, he wants to fight again in March and again in June. Joe had just concluded a ten-day tour through Kentucky and Indiana during which he fought seven exhibition bouts, at Madison Square Garden December 5.

He named Gus Lesnevich and Ernie Charles as likely opponents after the Walcott fight.

Later in the day, Louis and his handlers left for Pompton Lakes, New Jersey, where he started training Monday. Louis was accompanied by Manny Seamon, his trainer. They were met at the station by Marshall Miles, of Buffalo, one of Louis' co-managers.

Louis said he weighed 216 lb but planned to enter the ring against Walcott at 208 or 209.

Walcott, meanwhile, started training at his camp at Grenloch, New Jersey, last Thursday.

## Homecoming Clash, Lincoln U. (Mo.) At St. Louis Nov. 8

JEFFERSON CITY, Mo. (ANP)—One week to the day before they cross paths with Tennessee State in an all-important homecoming clash, Lincoln's Tigers will journey to St. Louis to engage the Lane Dragons in a twilight tilt on Saturday, Nov. 8.

The Tigers are not looking upon the Lane game as a "breather," or as a "week of grace" before challenging mighty Tennessee state. Last year Lincoln battled the Tigers to a 0-0 deadlock in a tilt that was marked by heavy rains that turned the field into a sea of mud. The Lane tilt in St. Louis will be a non-conference affair but is a renewal of an old rivalry between the Dragons and the Tigers.

Last year Lane dropped a 7-6 decision to Lincoln in a game at Kansas City, Mo. Coached by Ox Clemons, again the Dragons have been playing an inspired brand of football this season.

### Sugar Ray Kayohs Jackie Wilson in Los Angeles Bout

By HARRY LEVETTE  
LOS ANGELES (ANP)—A crowd of 7,200 that expected to see Jackie Wilson, local contender, put up such a good fight that he might become No. 1 contender for Sugar Ray Robinson's welterweight title, or even whip the champion was disappointed at the Olympic auditorium last week. Apparently half the onlookers were colored, but they voiced their displeasure at the listless bout for the whole six and a half rounds it lasted. Robinson won by a technical knockout in 1:35 of the 7th of a scheduled ten rounds when Referee Abe Roth stopped the unequal contest.

From the first gong it was plain that Wilson hadn't a chance with the champion and resorted to clinching at every opportunity. Robinson seemed either determined to "carry" his opponent, or to be fearful of repeating the tragedy of last June 25 when Jimmy Doyle died after a beating at Cleveland. Wilson landed only one good blow, a left to the head in the 7th Sugar Ray cut loose, tearing into Jackie, and dropped him with a barrage of blows to the head and body.

## TOLEDO, O. (ANP)—The policy of the American Bowling congress barring Negroes from using ABC sanctioned alleys was denounced this week a resolution adopted by the Inter-Fraternity council at the University of Toledo.

A Kappa Alpha Psi chapter is one of the 10 fraternities comprising the council, which said the resolution would be forwarded to the ABC when it meets in Milwaukee. The fact that the inter-fraternity bowling league has been unable to obtain local alleys for the season because of the ABC rules was cited in the resolution, which, in part, said:

"Since bowling is such a widespread American sport we feel it should help lead the way in breaking down the 18th century social barriers. Baseball, football and other major sports have already taken a positive step in this direction. "We cannot see why the American Bowling congress should continue to discriminate against a minority group. Therefore, we trust that you will take action in the near future to improve this condition."

The action of the interfraternal unit elicited praise from the Toledo Blade, which, in part, said editorially:

"As the council pointed out in its resolution to ABC officials, there is no place for jim crow policies in bowling one of the oldest American sports and one of the most popular from the standpoint of participation. And since no bodily contact is involved in bowling, not even the old arguments for segregation in sports can be cited."

"The ruling against Negroes, which applies in all ABC sanctioned alleys, has in this instance scored a clean strike for jim crow. Young men of both races, who wanted to compete together on friendly terms, have been denied the privilege by this outdated and wholly unnecessary ruling."

## UNION WINS EAST CHICAGO FIGHT AGAINST RACE BIAS

UNION WIN EAST 30 2C sports CHICAGO (ANP)—Local 1114, UE-CIO, won another battle here last Wednesday, when a union official called at the East Chicago plant of Combustion Engineering company and wiped out objections of union workers against working with Negroes.

Heretofore, the plant had only hired white union members. That morning, the first Negro to be hired was to go to work, but when he appeared, the majority of the men in the shop refused to go about their duties with a Negro in their midst.

Chief Steward Charles Krause, sensing that a small group of instigators was behind this movement, sent the newcomer home and notified the union office.

When the representative called, a meeting was held in the plant at which the policy of the union was not permitting discrimination

against workers because of color, race, or creed was explained. The representative told of the union's experiences in other shops, and how the non-segregation policy invariably resulted in good relationships. In the discussion or arguments against working with Negroes, it was found that only a few frankly acknowledged dislike for the group. A plea was made to the majority of the men to give new Negro employees a chance, and it was also emphasized that the local would not support any worker disciplined by the company for discriminatory acts.

Five or six workers left the plant with this announcement. However, all but one returned to work. The remainder decided they were willing to abide by the union's policy and work with any Negroes employed in the plant. At present two Negroes are working there.

## I. U. IN 'SHORT TALLY' DOWNS O. STATE, 7-0

COLUMBUS, O. (ANP)—The brilliant passing and running of "Galloping" George Taliaferro, assisted by Mel Groomes, both stellar backfield performers for Indiana university, sparked the Hoosiers to a 7-0 win over the Ohio State Buckeyes here Saturday. Taliaferro passed 50 yards to Groomes who advanced to the 12-yard line in the first quarter. In two sweeps around right end, Taliaferro crossed the goal line for the one tally of the day.

Jimmie Clark, Negro halfback for Ohio State, gave a good account of himself. McKinnis, Robinson and Tawls also had a share in the Indiana victory.

## HOWARD LOSES FIRST GAME, TO SHAW BEARS

RALEIGH, N. C. (ANP)—The Shaw Bears, dazzled momentarily by the Howard Bison's brilliant pass-attack, put the quietus on Chuck Ross's aerial performance and then proceeded to wallop the hitherto undefeated Washingtonians 22-14 at Chavis park here Saturday afternoon before Shaw's largest crowd in three years.

Coach Wilson's wonder boys, who seem to come up with just enough at the right time, took all that the Bison, fighting savagely from start to finish, could offer by land and air. Spotting the Howard aggregation nine completed passes out of 15 attempts, the Bears maintained a lead from the first three minutes of the game after an automatic safety had given them the lead. Wallace and Bellamy bore the brunt of the Shaw attack, both picking up more than 80 yards from scrimmage.

### YANKS CRIDERS BEAT BALTIMORE COLTS

NEW YORK (ANP)—Buddy Young got another touchdown Sunday on a punt return, going 53 yards in the fourth period to help the New York Yanks pile up a 35 to 21 win over the Baltimore Colts before 21,714 spectators in an All-America conference game. The Yanks lead the eastern division.

## At Tech Field

## Strong Ft. Wayne Team To Clash with Tigers

By JIM CUMMINS

The Attucks Tigers football squad will meet the strong Fort Wayne Central Catholic eleven at Tech Field Saturday, November 8. This is scheduled to be one of the toughest games on the grid card of the Tigers for the current football season.

The Tigers went down in defeat at Dayton, Ohio last Saturday 19 to 0 before an alert and aggressive Dunbar high squad. The two teams exchanged the ball several times during the first period on downs. Johnson and Middlebrooks did most of the ball carrying chores.

Lewis passed to Coward for 20 yards but the Tigers lost the ball on downs following the play. Brown was the chief ball carrier for Dunbar.

On the opening of the second quarter Murray hit Brown for 10 yards behind the scrimmage line, but on the next play Brown passed to Tanner, 35 yards away in the end zone. This accounted for Dunbar's first tally.

After the touchdown the Tigers offense moved the ball down the field to Dunbar's 30. Johnson paced the yard gaining plays in this instance. But Middlebrooks got away for 25 yards and the big play of the game.

The Tigers were deep in Dunbar territory as the half ended. Brown's 20-yard pass to Coffield set the score up on the Attucks two-yard line. On the next play Brown went right through the middle for the score. Ware kicked the extra point from placement.

Dunbar scored the final touchdown, midway in the final period when Rakestraw crashed over from the one-yard line. The extra point was missed.

## SPOTLIGHT

CHAMPAIGN, ILL. (NNPA)—Gene Derricotte, Bob Mann and Len Ford turned in a star performance here last Saturday as 7,119 fans watched Michigan down a stubborn Illinois team, 14 to 7.

Running with Bump Elliot from a single wing position, Derricotte ran all over the Illini in a 65-yard drive to a first down on the Illinois 14, only to fumble a hand-off from Les Bingaman which Illinois recovered to end the drive.

Mann gave valuable assistance on the scoring play which gave the Wolverines their first touchdown. The score came on a 74-yard return of a punt by Bump Elliot.

Len Ford, Michigan's other end, was successfully stopped by the Illini on his famous end around play but was almost invulnerable in defense of his flank position.

LAFAYETTE, Ind. (NNPA)—A desperate last quarter passing attack led by substitute quarterback Johnny Estes failed to bear fruit here last Saturday as the Iowa Buckeyes went down to defeat before the Purdue Boilermakers, 21 to 0.

With its ace running back, Emilen Tunnell, being held in check, Iowa sent Estes into the lineup to take to the air.

The Estes clicked with a pass for a first down on the Purdue 9-yard line but failed to connect on four more successive passes and Purdue took the ball on down to score moment later on a 79-yd. run by Harry Szulborski.

Earl Banks saw action at guard for the Hawkeyes.

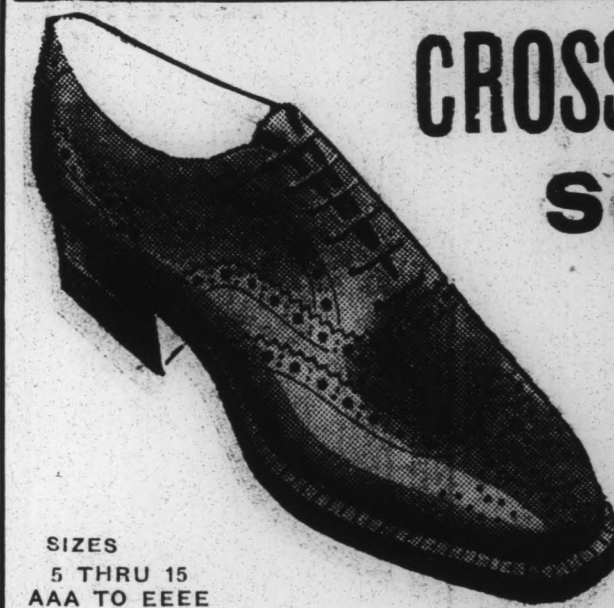

BOSTON MASS. (NNPA)—Harvey Grimsley and Bucky Hatchett turned in a touchdown apiece here last Saturday as Rutgers defeated Harvard, 31-7, before 17,000 in the Harvard Stadium.

Grimsley scored on a 2-yard line plunge after taking a handoff from Quarterback Frank Burns.

## THE RECORD PARADE

By OTTO MACK  
For the NNPA News Service  
CHATTER ABOUT FLATTER  
Makers: COUNT BASIE notched another impressive triumph in his career recently by winning top honors in the band popularity contest conducted by Graeme Zimmerman, emcee of the "Music Makers Club" record show on Radio Station WWSI in New York. Basie scored an upset win over runners-up Ted Weems and Tommy Dorsey. His triumph has been attributed to the local popularity of his new Victor recording of "House Rent Boogie".

BILLY ECKSTINE is currently appearing at Chicago's Club Silhouette, where he will remain until November 16.  
LOUIS ARMSTRONG, whose small jazz combo including Barney Bigard, "Big Sid" Catlett and Jack Teagarden, has been knocking night club box office records sky high on its current tour, will depart from its club date "Itinerary" to play a week at the Chase Hotel in St. Louis. "Satchmo" will move into the Chicago Opera House on November 8 for a concert engagement. He will also appear in concert with his combo in Carnegie Hall later this year.

OSCAR MOORE, ace guitarist, recently deserted the King Cole Trio to join his brother Johnny Moore. So Johnny's Three Blazers now has become a quartet, which features the guitar-playing brothers in guitar duets. ILLINOIS JACQUET celebrated his 25th birthday on October 31st. In spite of his youth, the saxophonist has established himself as one of the most important figures in the name band ranks during the past year.

RECORD OF THE WEEK: "For You" as sung by JOE ALEXANDER with Dave Cavanaugh's Music. This wonderful old ballad, which dates back to the early 1930's, is dressed in a magnificent package by fast-rising young Joe Alexander. The vocalist sets a warm and romantic mood as his big baritone voice delineates the lyrics with an appeal that is undiminished.

Benny Carter's "I'm a Three-Time Loser With a Two-Time Gain" (Capitol) a blues-novelty, is on the B cover side. It highlights Joe's voice and the alto saxophone playing of Carter himself.

## THREE BLAZERS TO START TOUR

LOS ANGELES, Calif. — Johnny Moore's Three Blazers, newly augmented to a quartet by the addition of ace guitarist Oscar Moore, will embark upon a nationwide one-night tour in mid-November that will carry them on a string of dates through the southwest and midwest and bring them into New York shortly after the first of the year.

Oscar Moore joined brother Johnny's unit a couple of weeks ago, following his departure from the King Cole Trio, and since that time the brothers Moore and their colleagues, string bass strummer Eddie Williams and pianist-vocalist Charles Brown, have been engaged in a series of highly secretive rehearsals.

Before departing on their tour, the Blazers are slated to make several recording sessions for the Exclusive label on which the guitar-playing brothers Moore will be featured in guitar duets.

## "Divorce Grounds" Includes Dates With "Wrong Race"

MIAMI, Fla. (NNPA)—Testimony that her husband had forced her to sign a confession during their honeymoon that she had dated a colored youth was given in a divorce case before Judge Stanley Milledge of Dade County last week.

Mrs. Marcia Kaplan Gordon, petti daughter of Mr. and Mrs. David Kaplan, Washington, D. C., testified that because she wanted to keep nothing hidden from her husband, she told him on the fourth day of their honeymoon in New York City that the only other man she had been out with was colored.

"This happened when I was 15," Mrs. Gordon, mother of a 2-year-old daughter, testified I went out with him, but I didn't know he was a Negro. He was as white as you or I."

## GOSSIP OF THE MOVIE LOTS

By HARRY LEVETTE  
HOLLYWOOD, Calif. (ANP) — Your Movie Gossip has just returned from a day spent at MGM studio with some prominent Chicago and Los Angeles figures after being welcomed and entertained royally by studio officials. My guess were Milton Webster, a vice-president of the International Brotherhood of Sleeping Car Porters, and the personable Mrs. Webster; Mrs. Susan Livingston of the city and president of the women's auxiliary; L. B. Thompson, president of the local brotherhood, and wife, Mrs. Marian Thompson, vice-president of the Classic Literary and Social club. A Philip Randolph, noted labor crusader and president of the International Brotherhood who was to have headed the guest list, was called away by wire at the last moment on business concerning his visit here on union and permanent FEPC matters.

Taken on a tour of the mammoth lot by courteous Leonard Cummings, an office employee, we watched Barbara Stanwyck in a love scene with Van Heflin under direction of Robert Z. Leonard, a new picture from a best seller, "B. F.'s Daughter." More stars in the big feature are Adolph Menjou, Clark Gable, Katherine Hepburn, and others with an outstanding supporting cast.

## WELL-KNOWN COLORED ACTORS IN CAST

## DRAMA STUDENT MIXED IN N. Y. BROTHEL CASE

NEW YORK (ANP)—A talkative and pretty 17-year-old high school girl from Chicago, who came here last January to study at the school of drama, admitted in special sessions court last week that she had become a victim of Harlem pimps and had been sent from "call houses in Harlem" to "townhouse hotels where she entertained men on a "romance for finance" basis.

She was Grace Walker, daughter of a South Side minister, the witness testified, and is now confined to a Valley Stream, L. I. home for wayward girls.

Miss Walker, whose testimony has already caused five panders to be sent to prison, returned to court to testify against hotelman Tom Merritt and Jacqueline Blanton who were charged with operating a disorderly house and contributing to the delinquency of a minor. Merritt, well known as a Sara toxa Springs gambler, and Miss Blanton denied the girl's charges but Justices Farrell, Cooper and Doyle did not seem to be impressed by their protests. A verdict was expected to be rendered over the weekend.

voice case before Judge Stanley Milledge of Dade County last week. Mrs. Kaplan Gordon, petti daughter of Mr. and Mrs. David Kaplan, Washington, D. C., testified that because she wanted to keep nothing hidden from her husband, she told him on the fourth day of their honeymoon in New York City that the only other man she had been out with was colored. "This happened when I was 15," Mrs. Gordon, mother of a 2-year-old daughter, testified I went out with him, but I didn't know he was a Negro. He was as white as you or I."

## EARL BOSTIC ON NEW AIR SPOT

NEW YORK—Earl Bostic, popular recording artist, and his orchestra have been signed to a permanent spot on the "Hospitality Club", which is aired over the coast-to-coast facilities of the Mutual Broadcasting System every Saturday at 8:30 p. m.

A long-time fixture at the 845 Club in the Bronx, Bostic's stock has soared on the strength of his waxing of "It's the Groovy Thing" as well as a number of other hit recordings.

Earl himself rates high among the top artists on the alto saxophone, having starred with Lonel Hampton's great prize-winning band. Two years ago Earl reorganized his own orchestra and now his outfit rates among the best combos in popular music.

After a recent guest shot on the "Hospitality Club" Willie Bry-

an, emcee and creator of the show, was so impressed with Bostic's bounce that he signed the band as regular music makers on his MBS stint.

## FILM ACTORS RISK RED CHARGE TO AID NEGRO ROLE IN PICTURES

HOLLYWOOD (ANP)—At the risk of being called communists, Paullette Goddard and Roy Chanslor, scenarist, have protested the Paramount pictures deleting a Negro character written into a film for that company.

According to Chanslor, he was called in by the studio two weeks ago and asked to revise the screen adaptation of his novel "Hazard" by changing a Negro character to a white man. The character, a Negro porter named Jerry, and a Sunday school teacher, as written, was a man of education and perception far above his employment. In one scene in the film, Miss Goddard as the leading lady was to ask him for a tip on the races, and to receive a polite answer that, as a Sunday school teacher, he was not conversant with racing.

Chanslor says that the producer of the film told him Paramount's New York office feared southern reaction and censorship and had, therefore, ordered the change, but Chanslor refused the assignment and made public protest. Paramount countered with an official pronouncement that the change had been ordered and not for fear of censorship, but because Ne-

groes have objected frequently to depiction of members of the race as menials in films.

Miss Goddard and the Screen Actors guild then entered the fight. Miss Goddard commented that she was helpless because she had no script approval in her Paramount contract, but she issued a statement saying:

"A few months ago, my guild, the Screen Actors guild, discussed and came to friendly agreement with the Motion Picture producers regarding the problem of employing Negro actors and the treatment of Negro characters on the screen. While I am on the friendliest terms with Paramount studio as an artist and citizen, I was most perturbed over the recent deletion of the character 'Jerry' from the script of my new picture 'Hazard' simply because he is a Negro who is portrayed in a sympathetic role. I am referring this matter to my guild so that the guild may discuss it with the producers."

Jazz instrumentalists are not usually called on by Hollywood to perform before Klieg lights and cameras. Perhaps a handful at the most have had this high theatrical honor presented to them. Illinois Jacquet, who opens at Tomlinson Hall on Nov. 11, with his orchestra, is one of the fortunate few.

Several years ago just after Jacquet had left the Cab Calloway orchestra to form his own group, a talent scout from Warner Bros. stopped him after a show at the Swing Club in New York and showed a contract in his face. The final result was a very popular movie short called "Jammin' the Blues" in which Illinois shared the spot light with such contemporary jazz greats as Lester Young, Joe Jones, Sid Catlett and Harry Edison.

A Negro wanting to board a South Meridian or Riverside trolley at certain times of the day is in a helluva fix, judging from the way we see things.

The board of public works should lower the curb at Missouri and the Canal. Many persons have taken a terrible fall at the spot, but refused to do anything about it. . . Several lawsuits would make somebody get busy. . . Which reminds us of St. Clair street, whose absentee (?) landlords evidently doesn't give a hoot about the street not being paved. . . None of our loudmouth politicians thought enough of these conditions to question their candidates. . . None even squawked about outside privies, poor street lights, unpaved streets, poor police protection, poor housing and many other things needed in our districts. . . Yet they bellowed from the housetops that we should elect so and so mayor of Naptown. . . Our folks do some queer things. . . THANKS FOR THIS FINE LETTER . . . Dear Saint: I am just going to take time from the many duties and tell you how much I personally feel regarding the fine cooperation you, Tandy, Stewart, Thompson and others at The Recorder have always given me and helped us all at the Walker, Park, Lido, Douglas and the Avenue.

For the past two months printed matter has been sent to The Recorder at the last moment and delivered finished to a perfection the very next day. Sometimes the same day. In this world of turmoil it seems to my way of thinking the service given was and is super-super.

From this service has come many customers to the theaters. The opening of the Douglas last spring, the opening of the Avenue last Sunday. The printing for the opening of the Dixie in Louisville that I took there last summer, all bears to my mind the importance of getting good printing to deliver a message to the public.

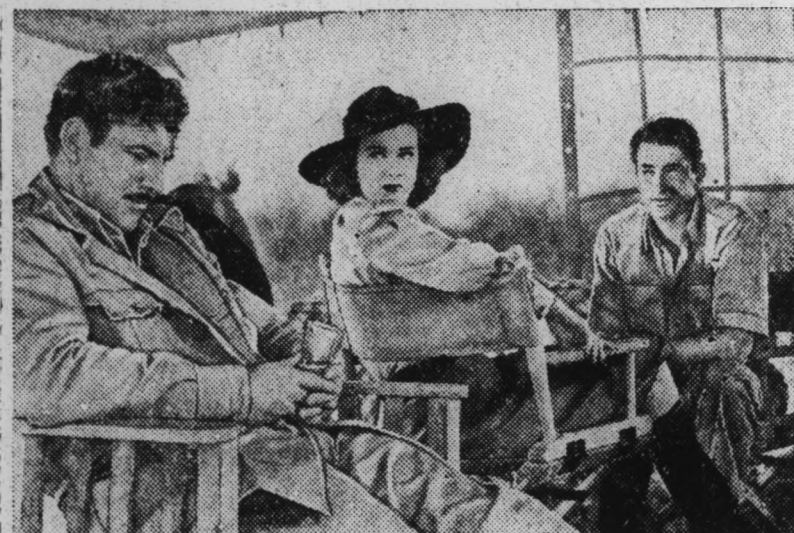

The newspaper - "The Indianapolis Recorder," tells our message every week the day it comes out. That message is the one you sent for us to all Indianapolis. . . we want and appreciate patronage. The leadership combined with the interest has served that message to theatergoers to the benefit for us all.

Again let me say thanks to all of you from all of us at the Walker, Park, Lido, Douglas and Avenue Theaters. CLAUDE ALLISON."

We are happy to know that The Avenue Theater was named from our weekly columns. That at least, reimburses us for our WEAKLY efforts.

GREATER INDIANAPOLIS LODGE, 1233, I. B. P. O. E. of W. recently organized, held its first election at the home of Guy U. Blaine. . . The newly elected officers will appear in this column at a later date. . . A lotta fine things are expected from this fine group of young men. They have launched a program and promise to have an Elk's home on the northside real soon. Jacque Durham is exalted ruler.

## Duke Hampton's Ork Jumpin' at Joy Spot

THE SHAME: Robert Preston, as Francis Macomber, broods over his own cowardice while Joan Bennett and Gregory Peck regard him with contempt in "The Macomber Affair", starting Tuesday at the Park.

## "Tarzan and Huntress" Sunday at Avenue

Newest of Tarzan's exploits to reach the screen, "Tarzan and the Huntress," co-stars Johnny Sheffield in an exciting tale of the ape-man's private war with invaders of his African domain who threaten his jungle animal friends.

The invaders are a party of animal hunters, led by an attractive sportsman, who come to the jungle to pick up specimens for the world's zoos. When King Farouk forbids them to take more than two of each kind, the party arranges the "accidental" death of the King, and helps his scoundrelly nephew, Ozira, to the throne, after Ozira has promised to give them a free hand.

The picture starts SUNDAY at THE AVENUE theater.

Johnny Weissmuller and Brenda Joyce, as Tarzan and Jane, co-star with Johnny Sheffield, portraying Boy in "Tarzan and the Huntress", scheduled for Sunday at the Avenue.

## "Miss Fine Brown Frame of America" Will Be Crowned In Philadelphia

NEW YORK—"Miss Fine Brown Frame of America", the 1947-48 titleholder, will be crowned in the city of Philadelphia on Christmas night, Thursday, Dec. 25, it was announced this week by maestro Buddy Johnson, who has been conducting "Fine Brown Frame" eliminations throughout the country since early this year.

Eligible to vie for the coveted title and to win fame and fortune as "Miss Fine Brown Frame of 1947-48" are all winners of the "Fine Brown Frame" contests Buddy has staged in various cities he has played on tour. In order to make it possible for girls from other localities to participate, Buddy announced that he will permit any city or town where he has not staged the contest to choose its own "Fine Brown Frame" entrant and send her to Philadelphia for the finals, which will take place in Elites Hall.

Maestro Johnson is also inviting the nation's colleges to be represented in the "Fine Brown Frame" and each college may send its own campus queen as a "Fine Brown Frame" contestant.

Ernest Hemingway, author of "A Farewell To Arms," "For Whom The Bell Tolls," "To Have and Have Not" and "The Killers," is represented by another film drama in "The Macomber Affair," the picture slated for the PARK theater on THURSDAY through United Artists release.

## POPULAR SKY CLUB OFFERS GALA FLOOR SHOW THURS., FRI., SAT., SUN

The Sky Club, popular joy spot along the main stem, is now under new management and will inaugurate a new policy beginning this week, when they proudly present Duke Hampton's 12-piece "entertaining orchestra and a snappy floor show nite."

The band has been featured with the King Cole Trio and prior to that time completed a four years' stand at one of the swanky

teries in Miami, Florida, where they became nationally known for their unique style of entertainment. Aside from the entertaining dance band, the management will offer two floor shows each nite.

Admission will be Monday thru Thursday, 55 cents, Friday thru Saturday, 85 cents. Come out and enjoy one of the hottest musical aggregations ever to play at the popular alterly.

When "Dishonored Lady", the latest Hunt Stromberg production, opens SUNDAY at the WALKER theater, film audiences will see a compelling human drama interlaced with the psychological stumbling blocks that the accelerated civilization of today so frequently prompts.

Hedy Lamarr handles the leading feminine role, that of a brilliantly successful magazine editor who though she has everything material she can want and more personal attention than she can absorb, is emotionally and spiritually starved.

In an effort to escape her superficial existence and find her true self, she meets an earnest young scientist played by Dennis O'Keefe, with whom she feels she can build a lasting life. But on the verge of the first happiness she has known tentacles from the past reach out to embroil her in suspicion of murder.

John Loder, English-born actor and Miss Lamarr's husband in private life, plays the part of an egocentric diamond importer who thinks he loves her and whose murder at the hands of his assistant, William Lundigan, is laid at Miss Lamarr's door.

ILLINOIS JACQUET Celebrates Birthday

DETROIT, Mich. — Illinois Jacquet, the youthful "Dynamo Of The Saxophone", will celebrate his 25th birthday on Friday, Oct. 31, when he opens a week's engagement with his high-flying Sextette on stage of the Paradise theater here.

Jacquet, in spite of his extreme youth, has established himself as one of the most important figures in the name band ranks during the past year. Sales of his records have mounted into the millions, and he has shattered attendance records in concert halls, theaters and ballrooms throughout the country.

It was less than a year ago that the mighty mite of the tenor saxophone set out with his own combo after making musical history as a sideman with the bands of Lionel Hampton, Cab Calloway and Count Basie and as a featured member of the "Jazz At The Philharmonic" unit.

### PRESCRIPTION FOR THE SCALP A DOCTOR'S

Your hair roots are in your scalp. The condition of your hair does often depend heavily on the natural health of your scalp. Years ago Doctor Carnot invented a medicated tar formula called Carbonoel, which is mixed with Sulphur Resorcin and Balsam of Peru. Carbonoel is such a strong, powerful, antiseptic and does such fine work in helping an itchy, bumpy and externally irritated scalp that many doctors regard it highly and prescribe it for many scalp troubles. If your scalp needs a double strength tar formula, you can start using Carbonoel, which is a doctor's genuine scalp formula, as soon as you get it from your Hook Drug Store. Use it for 7 days, and if you are not satisfied your doctor has back. You get Carbonoel with full directions. Use the finest medicated tar scalp formula your money can buy. Your hair and scalp deserve fine care. You can get a jar of Carbonoel at any of the Hook Drug Stores for one dollar. It is all mixed and ready for you to use with full directions on your jar.

## Clark Plans Larger Unit on Civil Rights

BOSTON (ANP)—A petition by the NAACP to the UN for redress of grievances so "humiliated" U.S. Atty. Gen. Tom C. Clark that he has undertaken to enlarge and strengthen the civil rights section of the department of justice in order to provide "adequate protection of the life and liberties of all citizens."

Speaking before the annual session of the National Association of Attorneys general, Clark said he felt "humiliated" that any group of Americans should feel it had to go before the international body for redress.

"Our failure to live up to our own high phrases is used to mock us in the battle between freedom and tyranny which occupies the world today. No act of accidental injustice, let alone those of calculation, will go unobserved by our enemies. Lip service to our ideals will be seen for the mockery that it is."

He said that the humiliating part was that there should be the slightest foundation for such a petition and that the NAACP could conclude there was no tribunal among the nation's honorable institutions to which a petition could be presented with hope of redress.

"I feel very deeply the obligation which rests upon men and upon the great department of the government which I head to do everything which is possible to secure to every citizen the rights of citizenship which are unquestionably his."

"To this end, the civil rights unit is being enlarged and strengthened. In those instances where the states through negligence or for whatever reason, fail in their obligation to protect the life and liberties of the individual citizen, we shall move with as great vigor and force as is permitted under the law."
